

ForaCare Suisse

A ForaCare Global company

Date and Place:

12-14 September 2017

Lisbon, Portugal

Dear Valued Customer,

Please join us at **EASD in Lisbon, Portugal, September 12 - 14, 2017** to see our new FORA® products.

ForaCare's personal data management solutions – FORA® Telehealth Pilot Program

ForaCare combines smart technology with our state-of-the-art Telehealth System. The FORA® Telehealth System bridges the gap between a physician's care and chronic disease self-management. Our customized solutions enable remote monitoring of chronic and potentially life-threatening conditions, providing access to care ahead of crisis, reducing healthcare costs and improving lives. Diabetes, hypertension, and/or obesity patients choose from various methods to upload their data simply and easily via the iFORA Mobile Apps, the 3G Gateway, or 3G Cellular Network. Come by our booth to learn more about our pilot program and sponsorship opportunities.

New Multi-Parameter BGMs – FORA® 6 Series

ForaCare is first to launch a series of advanced blood glucose meter (BGM) features with six parameters all in one device. One meter measures **blood glucose (BG), hematocrit concentration (HCT), hemoglobin (HB), ketone, uric acid** and **total cholesterol**. The new line, FORA® 6, comes in three models: FORA® 6, FORA® 6 Plus, and FORA® 6 Connect, and the data can easily be analyzed with one single app – the new iFORA HM.

New Cutting-edge Technology – FORA® HbA1c Analyzer

The World Health Organization (WHO) recommends testing glycated hemoglobin (HbA1c) to diagnose and assess control in diabetes mellitus. ForaCare will showcase an exciting new line – FORA® HbA1c Analyzer that requires only a **0,2µl blood sample** and just **six minutes reaction time**, all without fasting. This advanced technology and fully automatic safety design will help reduce costs and time.

We look forward to welcoming you at the Joint Meeting at EASD 2017!

Visit us at: ForaCare Suisse AG Stand No.: E.14

Yours Sincerely,
The ForaCare Suisse AG Marketing Team
